7 PM to 9 PM

Marriott Convention Center New Orleans

859 Convention Center BLVD

New Orleans, LA

West Point is renowned as a historic and distinguished military academy, and a leading, progressive institution of higher education. Because of this superb education and leadership experience, West Point graduates historically have been sought for high-level civilian and military leadership positions, including two U.S. presidents, several ambassadors, state governors, legislators, judges, cabinet members, educators, astronauts, engineers, and more CEOs than any other college in the United States.

The presentation is designed to help you learn more about West Point including the admissions procedures, academic and athletic programs, cadet life, and career opportunities after graduation. A water service will be provided.

Be advised, there will be a \$20 parking fee at the venue.

Key West Point leadership will be available to discuss West Point and answer questions.

This meeting will be of interest to all students who desire to know more about West Point and a commission as a second lieutenant in the United States Army. Come see why a popular West Point expression is "Much of the history we teach was made by people we taught."
